## Our Goals

Green Butterfly is a community group that was established with the goal to protect all butterflies

The Green Butterfly group was created on 5th November 2011 following considerable social media interest and the launching of a worldwide petition to save butterflies. This petition was set up to establish how much support there was for the Project, and now has over 60,000 signatures and local press interest. The Green Butterfly group are made up of a number of volunteers, charity workers, professionals and friends of Green Butterfly who desperately want to see the project survive.
